

Let me tell you about DJ Mac's Rock and Roll Dance Party plus Line Dancing.

There are **THREE** most important things to consider when hiring a **DJ** to perform at your event.

FIRST, Let's start with the obvious, **THE MUSIC.** DJ Mac plays only the **TOP ROCK AND ROLL HITS OF THE 50's, 60's, 70's & 80's.** DJ Mac grew up with this music and truly feels that it's the **GREATEST MUSIC EVER WRITTEN AND RECORDED.** He calls it the **"MUSIC OF YOUR LIFE."** DJ Mac only plays the **ROCK & ROLL** hits of the **TOP ARTISTS** and the **TOP GROUPS; NEVER any music or songs you or your guests have never heard of.**

FYI, *What's amazing about this music is that young people of all ages, high school, college, and all the generations since the beginning of Rock & Roll know this music and truly love it and they know the dances, THE TWIST, THE WATUSI, THE*

MASH POTATOES, THE STROLL, THE CHA CHA, THE LOCO MOTION, THE HULLY GULLY, THE PONY, THE SWIM, AND THE JERK, just to name a few.

SECOND, THE DJ! Does the **DJ** know how to entertain? Does the **DJ** have a personality? Can the **DJ** handle being the Master of Ceremonies? Is the **DJ** a genuine performer? If you hire **DJ Mac** the answer to all of these questions is **YES.**

THIRD, THE SOUND, that's right, **THE SOUND!**

DJ Mac uses the finest quality sound reproduction system the world has ever known. **BOSE!** Let me say that again,

BOSE!, only **CLEAR CLEAN UNDISTORTED SOUND**

PERIOD! We have all attended events where the sound was way too loud, distorted, garbled and almost inaudible. This will **NEVER** be an issue when you hire **DJ Mac.**

In closing let me say something about **LINE DANCING!**

LINE DANCING HAS BECOME VERY POPULAR FOR MUSIC

LOVERS AND DANCERS OF ALL AGES. **DJ Mac** plays the top

Line Dancing hits and it's a lot of fun, **A TOTAL BLAST!**

However, if Line Dancing would not be appropriate for your event, he will stay with **ROCK AND ROLL**, It's your choice.

And last but not least, **DJ Mac will take requests.** If he has it he will play it.

FYI, DJ Mac *has performed at almost any event imaginable, indoor and outdoor, including a **Giant Hot Air Balloon** inflation party on a golf course in Palm Springs, California. **It was awesome!***
